Hi Michael,

GSFC is requesting an email from JPL indicating their determination that this meeting is operational programmatic. Could you send me an email with a statement of our your determination that I can then forward to them?

Thanks,

Kevin

Hi Kevin.

I am OK with JPL proceeding to host this CMS Science Team Meeting.

Regards,

Michael

Hi Michael,

Yes. I just want to clarify that we are arranging this on behalf of NASA HQ to fulfill the solicitation guidelines. In this sense, I'm requesting the meeting for the whole CMS program.

Kevin
