

Breakout Sessions Instructions

- **Three breakouts:** biomass, atmospheric flux, oceans and wet carbon
- The breakout sessions are **self-assigned**
- We will request a **volunteer to be the lead of each breakout session**
- **A single Power Point slide** will be created by the lead to summarize discussion
- **Email the slide to web@cce.nasa.gov** prior to the Breakout Plenary discussion so that it can be included in the Plenary 5-minute summary presentations.
- **Lead reports a 5-minute summary** of the discussion and key takeaways of the discussion during the Plenary

Breakout Sessions Guidance Questions

- **Strengths of CMS stakeholder engagement efforts**
 - What is working well? Share experiences.
 - What have you learned from stakeholders? From scientists?
- **Gaps in CMS Stakeholder membership**
 - Who are the major stakeholders? Who is missing? Who should we focus on engaging with in the next phase?
- **Challenges and barriers for effective stakeholder engagement**
 - Share your experiences, lessons learned, and recommendations
 - What support do you need moving forward?
