CMS Policy Timeline 2017-2025

Illustrated below is order in time at which programs that require carbon stocks and fluxes for regulatory purposes expect their policy milestones to occur.
Other organizations, not included in the timeline, need carbon data all the time. Please see "Organizations' data needs" for CMS data products needed by these organizations.

❖ **Regional Greenhouse Gas Initiative (RGGI)**

❖ **Blue Source**
❖ **EPA**

❖ **U.S. Global Change Research Program (every 4-5 yrs)**
